Subject: Eagles Landing Harassment Arrests

Hi Joey,

I received information earlier in the week.. Trying to confirm that it's accurate information..

Thanks Joey!

BELOW IS INFORMATION I RECEIVED..

Henry County Police Make Arrests for Harassing Phone Calls

McDonough, Georgia. On March 31, 2018 one of the Eagles Landing Educational Research Committee (ELERC) Board members received three phone calls - two of which were threats on their life for their involvement in the City of Eagles Landing movement.

These three incidents were reported to the Henry County Police Department who took rapid action in the search for, and apprehension of persons suspected of involvement.

The incidents have resulted in charges of harassing phone calls, and terroristic threats. While the investigation is ongoing, multiple suspects have been charged and one suspect was bound over for a hearing of the Grand Jury on Tuesday, June 5, 2018 by the Henry County Magistrate Court. That suspect is known as Coren Michael Randazzo, a 49 year old male from Stockbridge, Georgia who also has a previous record of simple assault in 2015.

The Eagles Landing Educational Research Committee Board would like to commend Henry County Police Department Detective Isaac Fisher for the great work he and his team performed to find the individuals involved and make arrests. The Henry County Police are taking all threats seriously.

"We recognize there are citizens who may have sincere concerns about the proposed City of Eagles Landing. It is our hope that once they have had the opportunity consider all the available information they too will realize the new city will benefit all residents of Henry County. The cityhood supporters are diverse, honest and hard- working people that want the best for their family and communities. The cityhood supporters are not encumbered with conflicts of interest nor any other motivation besides realizing a dream to make the City of Eagle's Landing a reality," states a City of Eagle's Landing spokesperson.

“Many have asked for a list of the ELERC, Inc. Board of Directors and because of this incident we are hesitant to give out any information about our Board at this time,” states Vikki Consiglio the ELERC Board chair. “We respectfully ask that citizens remain civil and respectful because we are all neighbors and citizens who will share in what we hope to create.”

Probably not today. Joey asked me to cover any emergency stuff this weekend, but I have not been made aware of this case at all.
I'm currently attending a funeral, but will be happy to contact Fisher in the morning when he returns to work to get more info.

Henry County Police Make Arrests for Harassing Phone Calls

McDonough, Georgia. On March 31, 2018 one of the Eagles Landing Educational Research Committee (ELERC) Board members received three phone calls - two of which were threats on their life for their involvement in the City of Eagles Landing movement.

These three incidents were reported to the Henry County Police Department who took rapid action in the search for, and apprehension of persons suspected of involvement.

The incidents have resulted in charges of harassing phone calls, and terroristic threats. While the investigation is ongoing, multiple suspects have been charged and one suspect was bound over for a hearing of the Grand Jury on Tuesday, June 5, 2018 by the Henry County Magistrate Court. That suspect is known as Coren Michael Randazzo, a 49 year old male from Stockbridge, Georgia who also has a previous record of simple assault in 2015.

The Eagles Landing Educational Research Committee Board would like to commend Henry County Police Department Detective Isaac Fisher for the great work he and his team performed to find the individuals involved and make arrests. The Henry County Police are taking all threats seriously.

“We recognize there are citizens who may have sincere concerns about the proposed City of Eagles Landing. It is our hope that once they have had the opportunity consider all the available information they too will realize the new city will benefit all residents of Henry County. The cityhood supporters are diverse, honest and hardworking people that want the best for their family and communities. The cityhood supporters are not encumbered with conflicts of interest nor any other motivation besides realizing a dream to make the City of Eagle’s Landing a reality,” states a City of Eagle’s Landing spokesperson.

“Many have asked for a list of the ELERC, Inc. Board of Directors and because of this incident we are hesitant to give out any information about our Board at this time,” states Vikki Consiglio the ELERC Board chair. “We respectfully ask that citizens remain civil and respectful because we are all neighbors and citizens who will share in what we hope to create.”

After knocking on the door, Mr. Randazzo answered. Det. Fisher told him why he was there and Mr. Randazzo muttered something while closing the door and did not return. Det. Good morning,

Long time no see.

They've assigned me the story of the guy arrested for allegedly making threats to members of the Eagle's Landing cityhood committee. I left you a message asking if y'all made the arrest...or stockbridge police. Then I realized, Stockbridge doesn't have a police department, do they? So...I'm assuming y'all arrested Coren Randazzo back in May. Are you able to talk on camera about that arrest (or can you give someone that duty)?

Thanks a lot. I appreciate it.

Hi Joey,

I received information earlier in the week.. Trying to confirm that it's accurate information.. Also do you have a mug?

Thanks Joey!

BELOW IS INFORMATION I RECEIVED..

Henry County Police Make Arrests for Harassing Phone Calls

McDonough, Georgia. On March 31, 2018 one of the Eagles Landing Educational Research Committee (ELERC) Board members received three phone calls - two of which were threats on their life for their involvement in the City of Eagles Landing movement.

These three incidents were reported to the Henry County Police Department who took rapid action in the search for, and apprehension of persons suspected of involvement.

The incidents have resulted in charges of harassing phone calls, and terroristic threats. While the investigation is ongoing, multiple suspects have been charged and one suspect was bound over for a hearing of the Grand Jury on Tuesday, June 5, 2018 by the Henry County Magistrate Court. That suspect is known as Coren Michael Randazzo, a 49 year old male from Stockbridge, Georgia who also has a previous record of simple assault in 2015.

The Eagles Landing Educational Research Committee Board would like to commend Henry County Police Department Detective Isaac Fisher for the great work he and his team performed to find the individuals involved and make arrests. The Henry County Police are taking all threats seriously.

“We recognize there are citizens who may have sincere concerns about the proposed City of Eagles Landing. It is our hope that once they have had the opportunity consider all the available information they too will realize the new city will benefit all residents of Henry County. The cityhood supporters are diverse, honest and hard- working people that want the best for their family and communities. The cityhood supporters are not encumbered with conflicts of interest nor any other motivation besides realizing a dream to make the City of Eagle’s Landing a reality,” states a City of Eagle’s Landing spokesperson.

“Many have asked for a list of the ELERC, Inc. Board of Directors and because of this incident we are hesitant to give out any information about our Board at this time,” states Vikki Consiglio the ELERC Board chair. “We respectfully ask that citizens remain civil and respectful because we are all neighbors and citizens who will share in what we hope to create.”

This is an example of a lot of the open records request you will be getting. I usually just save the Open Records Profile Report from Police Central and the Mugshot photo to a folder that I created for Open Records on my computer and then send them. I then keep the original request and the sent email into an email folder for open records request.
Thanks

Hello Mr. Smith, hope you are doing well. I am Joe Adgie, the new government reporter for the Henry Herald, and I received a report recently that a Mr. Coren Michael Randazzo was arrested for harassing phone calls and terroristic threats. I was wondering if the Henry County Police Department had a comment on this arrest, and if other persons of interest are being looked at regarding these threatening phone calls. Thank you very much.

Do you have his booking photo? I cannot find him in current jail records, but was informed he was recently booked on charges of harassing phone calls and terroristic threats.

He was in the system in 2007, case #SUCR 2007 000059.

Thanks.

Dear Mr. Brill, I don't know if you recall, but you were in the magistrate court room on May 7, of this year, with Taz Taylor. My son{ Coren Randazzo} had been arrested on May 4, three days before. You said that my son did not qualify.{??} Then the judge told my son that he would bring him back in, to explain. After they took my son out, I heard you say to Taz that it was because it was a nonsense warrant. {I can assure you that it is!}. In the meantime, you had to leave for a while. I'm not sure what happened, but the judge never brought my son back in to explain. After that, the judge evidently dropped the bond from \$1100.00 to \$1050.00. I bonded my son out. He had a preliminary hearing set on the magistrate calendar for June 5. Not until the night before the hearing was scheduled, did he get notified from google that the police dept. was requesting his phone records. We went to that, and were able to talk to Taz, but apparently we have to wait for arraignment to even get any discovery. This morning it ended up on the news!! With his accuser and also the head of the ELERC committee doing interviews!! I think they called the news and informed them and offered interviews to further their agenda. Ms. Clowdis said entirely different things than she said in her statement to Officer Foster. And as you can see, Detective Fisher's statement is also different from Ms. Clowdis statement that was recorded by Officer Foster. The detective got a warrant to arrest him on a HUNCH... not proof or probable cause. He said nothing but the comment about sending his taxes to ELERC, to which Ms. Clowdis replied ha ha, very funny.{which she left out of her statement to police} . He never even said the word devastated, and he made no blocked calls. It's not even possible to block a google number. His comment does not meet the letter or the spirit of the law for harrassing phone calls. And he is not responsible for the supposed blocked calls. Who knows if she even had any blocked calls. That would involve getting HER phone records, which apparently no detective or investigator has bothered to do. So sorry for the long rant, I just wanted to know if there's anything we can do while we wait for the D.A. or the grand jury. It's all innuendo and untruths. and slander. and I don't know what to do. Thanks very much for your time. Sunny Randazzo...! My son's email is

The case number on the incident report is 18-006122. The warrant # is 2018-835WF. Case# 2018-835WF MISDEMEANOR {but he was arrested for felony also} If you could find some time to meet with us, it would be greatly appreciated! Thanks again

Actually, no. I'm sorry for the confusion. This is all new to me, you see. I'm going to call Sgt Mcbroom now to speak about cost.

Please proceed as you normally would, again, sorry to confuse the situation.
